

Concours d'Elegance ^{-at-} Lincoln Hills

May 19, 2019
“The Best of the Best”

The Concours d'Elegance at Lincoln Hills will be held at the Lodge at Orchard Creek in Lincoln, California. A Concours event where you experience the Best of the Best in every aspect with not only a fabulous display of motor cars but also gourmet food, fine wines and high fashion.

For an automobile to be accepted it must have placed 1st, 2nd or 3rd at a previous Concours d' Elegance or received significant recognition—this scenario will be considered and decided at the Entry Committee's discretion. Due to the exclusivity of this event there will be only three or four cars per class with a total of 100 cars entered.

Judging information, what to expect when your car is being judged...our goal is to have a Concours event that will be a competition of the Best of the Best, so we will be using a judging style to accurately choose the best of each class and ultimately the Best of Show. We will incorporate different styles of judging to not only confirm a car's originality and level of restoration, but will also acknowledge and recognize the car's history, significance, rarity, provenance and difficulty of restoration. There may be a situation when a perfectly restored car may be trumped by a vehicle with these additional attributes. Once a car is judged for its presentation, these points of criteria will be applied to truly show which cars separate themselves to be the absolute best of their class and ultimately the Best of Show, and the Best of the Best. Accordingly, we will make every effort to have the most qualified judging teams to accomplish this.

Concours d'Elegance ^{-at-} Lincoln Hills
